Chatradia Vanam to Venkata Chelliah until
the rates agreed to purchase the trees therein at
the rate of Six annas per ~~tree~~ which Lachia Mentioned
by the Said Lingay Gowda in his own Statement.

4. Soon after this Venkata Chelliah applied to the
Amildar to get the Chatradi Vanam Mentioned
in the Muttahalika, as it Contained the only Trees
Similar Under Sub taking at that time, which at other

refused to allow him to draw Toddy. Shortages and obstructions are obliged to have caused great loss to the petitioner on account of the delay and insufficient quantity of Toddy supplied by him—

6 The allegations assigned for the short sales are (1) the unauthorised transfer of Shop from Bavarahalli to Bukkasagar which affected the Sales of the Shop at Venkatrayardadi owing to the short distance between these two villages; and (2) the permission granted to Gurumurty Gowda to export Toddy from Imam Dallahalli to Naripenpur in the Malahalli Taluq and the removal of Toddy Shop from Naripenpur to Kadanoor. The undersigned visited the Chatradi Vanam and the place where the said Toddy Shop of Nanchur village was said to have been located and found that the Site of the Shop in question was between Nanchenpur and Kadanoor. The Amildar of Malvalli States in his yadi to the Amildar of Kankanhalli that the Toddy Shop of Nanchenpur was formally in the same place in which it was found to exist during my inspection. That regard to the removal of the Shop from Bavarahalli to Bukkasagar orders were issued to the Amildar of Chennapatnam to settle the dispute at once, which were carried into effect The Deputy Commissioner ordered the attachment of the Contractor on the 7th of January. The petitioner States that he has paid the Sum of Rs 1183-3-0, and not Rs 680-0-0, as reported by the Amildar. This difference has to be explained and the Amildar has been directed to submit a detail Statement Shewing the amount recovered from the said Venkata Chettiar up to the end of December. to gether with the Treasury Certificate a Statement showing the particulars of arrears due by the said Venkata Chettiar, as well as the amount [illegible] arrangements in regard to

In reference as the Government keeping from same Amani as petitioner and (2) accounts to explain the difference between the amounts said to be paid by the Contractor. The amounts in the accounts submitted by Amildar. The undersigned is of opinion that from the above the petitioner has suffered some loss, The statement of which will be more clear seen on examination of the above accounts, and of which (No: 1) was sent for on the 30th May and although reminders have been sent to the Amildar. No reply has been received. No. 2 was sent by the Amildar and returned to him for corrections and no reply has been received to this date. In the meantime the above is submitted.

Perused the Petitions and records in the matter of arrears of Rents due by Venkatachella Toddy vend Farmer for 1892-93 of Sathnoor Hirka of Kankanhally Taluk and his Surety Krishnappa Naik.

Order thereon 4th July 1894.

Venkatachelia took the lease of Sathnoor Hirka for 1892-93 for a Monthly rental of Rs 255/- inclusive of cess. His farm had 8 Shops

1. Sathnoor
2. Halsoor
3. Rabbasu
4. Naikenhalli
5. Yekkanadoddi
6. Venkatsamerdoddi
7. H. H.
8. Hittanara

2. The following Vanams attached to the farm:

1. Sathnoor Haggoo
2. Thoongani
3. Arlalasandra
4. Chathra
5. Gollankere

3 Venkatachelliahs complaint out of these 5 Vanams shortly after they were assigned to Kankanhalli Hirka was as regards Nagenhalli Kurumba, the Patel of that Hirka utilized these two Vanams entirely to the exclusion of Venkatachelliah. That Sathnoor Haggoo and Gollankere

having been exhausting
previous years' contracions per trees were
available. Thus he had to rely only on
Chathrada vana for the supply of today, as
Thungam vana had only about 20 trees
This Chathrada vana had more than 1000 trees,
fit for tapping during that year. When he
entered upon this vanam one Luige Gowda
obstructed him from tapping, on the ground
that the trees were on his H. V. Kurali land
and upon that claim he demanded at the
rate of 4 annas for each tree which the
Gjaradar refused to give. Besides this
he alleges that he sustained loss owing to the
Shops of other Kirkas being transferred to
places, which affected the sales in No. 61. 1
of this Kirka. This last allegation is Ground
-less.

4. The only point for consideration
is whether the Gjaradar sustained any loss
owing to the vanas assigned to him not being
de over to him and if so to what extent.

here is ample proof that he did
tap trees in the Chamra vanam. He petitioned
Taluk and Amildar gave him an
orsement that the Gjaradar should make
n arrangement with the Kurali
dentially Taluk is
Settlement. As per Government
proceedings no 1470 30-39 dated 12th
298
Gjaradars have no right to date trees.

The

The Amildar, however, gave Bothigere
vanam. me enamra vana.
Bothigere vana is 12 miles from ..... Kharikanhalli
and 22 miles from Sathnoor where as the Chatti
-ra vana is only 12 miles from Sathnoor
Thus the Haradas had 10 miles extra.
As a matter of fact he drew his bullocks
from the Bothigere vana which clearly proves
that he could not get a supply hearer

8. All that I have to say in reply to the defaulter is
to is what arose from the various orders
Amildars which compelled the Hyar
to go 10 miles more. have minutely
calculated the extra cost. It comes
within a measure to Rs 400. This as
will be recommended for remission
the Hyaradar ..... the road

Inspector Annaji Rao had a share in his Ijara and received more money than he remitted to the treasury. I have thoroughly gone into the complaint, examined witnesses and perused Annaji Rao's ~~letters~~ letters. The complaint is not proved. The complainant holds no receipts and there is absolutely no proof of extra payments to Annaya Rao Annam Row's letters do not prove partnership. I dismiss the complaint altogether. But Annaya Row is very much to blame for the management between 8th January and the end of the year (30th March 1893). The net profits were very low. He has been removed from the inspectorship owing to his bad work generally in the Taluk. It is also to be noted that the Amildar, at fault is now dead.

10 There is the question of interest. A great deal of the delay is due to Government servants who delayed final disposal of the question. It is not easy to fix the blame on any particular official. Annaya Row has already been punished. The ...edar is dead. All things considered, ...ink it is but fair to exonerate the ...ter from interest except what ...nd due as follows. The monthly ...nating interest should be 406/12 Rs and interest should be ... the balances due at that ...f 1893. The rest of the

interest e recommended for remission Rs 15 66 - 12 - 5 minus Rs 400, or Rs 1166 - 12 - 5, with interest calculated above, should be collected if it is not paid within a week after notice to be issued by the Amildar the properties under attachment should be sold.

11 Rs 18 - - - collected from Mahamad Sahib is in deposit in Chennapatna This amount does not appear from enquiry to be due by him. It should be repaid to him
